

The following selection of events are those which could have affected or at least come to the attention of a ship's Captain trading out of Bristol in the mid to late 19th century.

This chronology was compiled for a TV programme with the help of the late Frank Reece Winstone, photographic diarist of Bristol. Details of photographs associated with these events can be found in his many publications. A list of his books can be found at:

http://www.radisol.com/interests/reece_winstone_publications.htm

We hope to expand this chronology as event information becomes available and we welcome any verifiable items you may like to contribute – please send them using our enquiry form (http://www.history4u.info/enquiry_form.htm)
